

With your help,
Give the Gift of Sight
will deliver eye care to our
7 millionth recipient
in 2008.

We helped more than 10,000 displaced people receive eye exams and new glasses in September 2005. For some, this was the first eye exam they ever had. Gift of Sight provided them hope for a better future.

— Gift of Sight mission manager on our Hurricane Katrina relief effort in Louisiana and Texas

After I dispensed glasses to an older Cambodian woman at our clinic, she showed me a huge magnifying glass she had been using to see almost her whole life. She was so incredibly grateful to be able to see without it.

“We believe
clear vision
is a basic right,
not a luxury.”

For millions of people, the world is a daily blur. Something as basic as a pair of glasses means new life to people who've never before seen clearly. Parents can see their children's smiles, students can learn, workers can hold down jobs.

Sponsored by Luxottica Group, Give the Gift of Sight works worldwide to deliver vision screenings, eye exams and new and recycled glasses to those without access to eye care. Give the Gift of Sight's family of charitable eye care programs are directly delivered by Luxottica associates in partnership with Lions Clubs International and thousands of local charitable agencies in the communities we serve.
